

Easy

Multi-purpose polishing paste

EASY is an efficient one-step paste formulated with highly effective abrasive particles, ensuring maximum surface polishing intensity. In a 'one-step' application, this single paste is designed to eliminate numerous scratches and achieve a glossy, hologram-free paintwork finish. Silicone-free and compatible with all commercially available paint systems, **EASY** offers versatility in its application.

For added convenience, **EASY** is available in 1-Litre tins, providing a practical solution for achieving a high-quality, scratch-free finish across a variety of paint systems.
